

The History

est. 1906

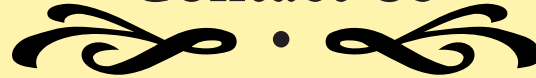

Welcome to Front Street Station in Butte, Montana. These three buildings were built in 1906 by the Northern Pacific Railroad. They housed the Passenger Depot, the Beanery Restaurant, and the Freight and Luggage Facility. At the stations peak, seven trains passed through the railroad yard daily. Amtrak ended the passenger service in 1979, leaving the buildings empty until 2000.

In 2000 a local couple purchased the building and initiated a seven year restoration effort. The venue, Front Street Station, is now on its 12th year and hosted over 600 events since 2007.
